MIDTERM MADNESS:

FINDING ANSWERS YOU NEED NOW

It's that time of year - leaves are changing, grades are coming in, and you don't know how to find the help you need. If you're stressed out and don't know where to go, advisors are here to help you find the way. Should I withdraw from a class? Don't "W's" look bad on my transcript? How can I maintain fulltime status, since I need 12 credits? How do I explore new directions now that I'm no longer interested in my major? Am I still on track to graduate on time? Contact us today for the answers you need now.
